

# **ANTIDEGRADATION IMPLEMENTATION PROCEDURE ADVISORY WORKGROUP MEETING**

Missouri Department of Natural Resources  
Lewis & Clark State Office Building  
Gasconade Camp Conference Room #144

**March 8, 2006**

1:30PM – 4:30PM

## ***AGENDA***

### 1.) Housekeeping – Donna Menown

- Welcome
- Handouts for this meeting, extras from last meeting and of past e-mail attachments
- Attendance sheet – (Please PRINT your name)
- Contact spreadsheet
  - ✓ If you were here last time, please note any necessary changes to your listed information on the contact spreadsheet going around.
  - ✓ If you didn't attend last time, please write in your contact information, if it's not already there.
- Web site

### 2.) Antidegradation Evaluation Concepts (sent via e-mail 2/14) – Phil Schroeder

In this part of the meeting, we will discuss the core and peripheral questions relevant to building an Antidegradation Implementation Procedure and the sequence by which these questions will be discussed.

### 3.) Draft “Table of Contents” for an Implementation Procedure – Phil Schroeder

In this part of the meeting, we will discuss the format and sequence of the individual parts of the procedure.

### 4.) Technical Discussion - Phil Schroeder

In this part of the meeting, we will share ideas on how to answer the questions during discussions in Item A. above. As we build consent on the answers, we will decide on the location within the Table of Contents to capture our decision.

### 5.) Next meeting's (April 11) topics.
